

The **Tāhuna Glenorchy Dark Skies Group** and **Head of the Lake Catchment Group**, in association with the **Community Nursery**, are hosting **entomologist Brian Patrick** for a free talk on local insects and what we can plant to support their habitat requirements on **Monday 1<sup>st</sup> July at 7pm** in the Supper Room.

Māwhero (*Meterana meyricki*) Photos by Sam Purdie

**Brian is a well-known scientist who has a special interest in butterflies and moths, so if you want to learn about how to provide more habitat and food sources for our local indigenous arthropods, or just want to know more about our resident insects, then come along and hear all about it!**
